

VERSATILE CRANE HIRE

CAPABILITY STATEMENT

WWW.VERSATILECRANEHIRE.COM.AU

MORE THAN *JUST* CRANES.

WE ARE

PROFESSIONAL.
THOROUGH.
KNOWLEDGEABLE.
EXPERIENCED.
SAFETY FOCUSED.

We are a fast growing, professional and reliable crane hire company, dedicated to putting our mining client's needs first.

We based our name 'Versatile Crane Hire' on an assurance to our clients that there is no job too big or small for us to handle. We will go the extra mile to exceed your expectations by being completely thorough and professional in providing safe, reliable, innovative and cost-effective craneage solutions.

With years of experience in the mining construction and maintenance industry, our directors have instilled in the company the highest levels of safety and task preparation practices, while being actively involved in every aspect of the business ensuring the level of service is second to none. They also oversee the completion of every job personally.

Our fleet and client base have grown and continue to grow extensively through word of mouth. Providing a proficient level of service to every client has solidified us as the trusted crane hire partner for many construction companies, which is why we receive so much repeat work and referrals.

We take every job seriously. Which is why we employ the best-trained staff, utilise best practice methodologies, implement continuous improvement Initiatives, put strict safety measures in place and ensure regular communications with our clients.

We take every job seriously.
You're in good hands.

AND MORE

Providing you with reliable equipment to ensure the smooth and safe completion of your next project.

Because we know just how important safety and reliability are.

We have all the right equipment and expertly trained personnel to ensure the safe and professional completion of your next construction project.

In addition to supplying you with the most competitive crane hire ranging from 2.5 Tonne to 220 Tonne, we can also provide you with a variety of ancillary equipment to arrive on site in excellent working order.

We can provide your next project with experienced crane operators as well as a dogman and riggers, all highly skilled and trained in best practice.

The vast range of rigging equipment that we have available for hire includes chains (up to 32mm), slings (up to 50t), spreader bars, boat slings and more.

Furthermore, we also have available an array of additional equipment ready to be used at your next work site, which includes workboxes, block cages, material cages, rubbish bins and more. We also offer services such as:

- Heavy lift and heavy transport management
- Supervision of operations
- Pre-Lift consultancy
- CAD lift studies

VERSATILE
CRANE HIRE

The best equipment for any job.
Trust in the experts.

WE MAKE IT WORK.

THINK SAFE
ACT SAFE
BE SAFE

We are committed to ensuring every step of the way that we maintain full compliance with ISO 9001, AS 4801 and other relevant codes of practice, which is why we continuously update our safety systems through safety toolbox talks and by identifying and managing additional risks that have arisen on other projects.

Depending on the complexity of the work, CAD Studies can be provided to assist in determining, limiting and controlling risks.

Here at Versatile Crane Hire, we have all your craneage requirements covered. Safety is our focus and ensuring that you are provided with the best quality equipment and knowledgeable staff to help ensure the successful construction of your next project.

Feel free to contact our team today, and we would be happy to talk about your craneage needs.
